Top 20 Luxury Things You Should Buy If You Can Afford

Most of us lead ordinary life in which we work for 8 hours, earn our bread and spread it in our families with love. But some maniacs always find a way to achieve those things which do not belong to the bracket of ordinary.

For them, life is the opportunity to experience everything even if it is not in their reach. They may be earning $10k per year but try to buy something which costs $100k. For them, I am writing this blog to extend their approach and introduce the top 20 **luxurious things** in which they should start investing right now.

1. **Bugatti Veyron 16.4**

We all want to own a ride that makes everyone awestruck when we drive it on the street at the top gear. And if you want to stop the heartbeat of everyone with your car, Bugatti Veyron 16.4 is the car that you should invest. The top speed of this car is 251.2 miles per hour that make it one of the fastest street-legal cars in the world. This car has ten radiators that keep it cool because it reaches zero to 60 miles per hour in the mere 2.5 sec. But the speed is not the only thing fascinating about this car. This is one of the most aesthetically perfect cars with its glossy body, leather seats and great interior. This car worth $1.2 million so you better start saving from today.

2. **Diamond Crypto Smartphone**
