+ CONCEPT

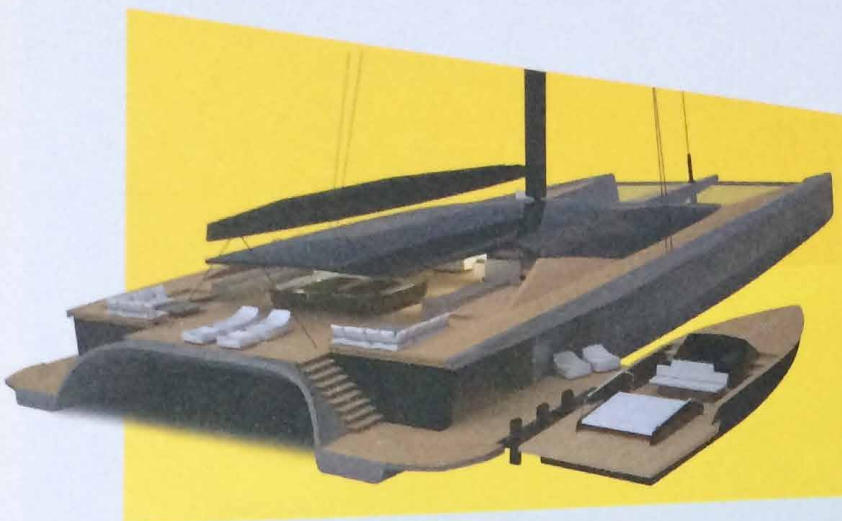

Black Cat 50m

Malcolm McKeon/Baltic Yachts/
Mitch Booth

- **LOA:** 50m (164')
- **Beam:** 18.5m (60' 8")
- **Draught:** 4.2m (13' 9")
- **Displacement:** 193.65 tonnes
- **Speed:** 30 knots
- **Hull:** carbon fibre

With 320 square metres of interior area and 620 square metres of open decks, this is a space ship. Conceived by champion multihull sailor Mitch Booth, the Black Cat concept sets a new benchmark for luxurious sailing at adventurous speeds, making 200-mile days easy to achieve. The dramatic design gives the entire main deck a glass roof, including the cockpit, for a view of the sky and sails. Four guest cabins in the starboard hull are complemented by a spacious main deck master suite with dressing area and en suite in the port hull.

Note

- +Infinity pool
- +Fold-out terrace
- +4,500nm range

+ CONCEPT

Tankoa S621

Tankoa Yachts/
Francesco Paszkowski

- + **Length:** 62m (203' 4")
- + **Beam:** 10.4m (34' 1")
- + **Draught:** 2.95m (9' 8")
- + **Engines:** 2 x Caterpillar 3512
- + **Speed (max/cruise):** 16.5/14 knots
- + **Range @ 12 knots:** 4,500nm

Tankoa's S621 is a 62 metre design inspired by previous build *Suerte* and the 49 metre Tankoa S501, currently in build. Designed by Francesco Paszkowski, S621 follows the design elements of the previous builds to create a Tankoa trademark look.

"The new 62 metre adds and develops new distinctive features in order to create a yacht where the shipyard's signature is immediately recognisable," says Paszkowski. "While the lines of the aft and those of the bow remind us of the Tankoa

S501, and the shape of the superstructure resembles *Suerte*, in the new yacht the windows are larger to enhance natural light in the interior, and the superstructure is much larger."

The full-beam master suite includes a private lounge, separate office and fold-out terrace, while the added length provides a large beach club, elegant lounge and aft deck infinity pool.
