Tankoa Merges Speed and Style with New 58m Concept

The 58m Open Concept by Paszkowski Design

[Photos](#)

Tankoa has today unveiled a 58-metre (190ft) Open superyacht design which blends lightweight construction with sleek exterior style to create a brand-new high-speed concept.

With cutting-edge design by the Francesco Paszkowski Studio, Tankoa has today presented their latest lightweight, sharp and powerful project bringing race attitude to luxury yachting.

By: Ben Roberts
Published: 6th Dec 2016

The new Open concept is designed to be built entirely in light alloy 5083, with a sleek and sporty design, low draft of 1.80m and high-powered engines with a top speed of 28/30 knots.

The new breed of design to come from the Tankoa – founded in 2008 – is a call-back to classic Italian style with a new expression of technology and design.

We caught up with Tankoa at the Monaco Yacht Show, [click here](#) to watch the full interview and find out more about the new projects defining the future of the shipyard.
