PASTROVICH STUDIO

77M X R-EVOLUTION

It could be an houseboat, may be a palafitte or a luxury extension of an exclusive residence in front of the sea. But it could also be an original and unusual superyacht. This new multi-hull guarantees great stability and an impressive sizeable beam. Thanks to its modular configuration the X R-Evolution is a perfect mothership and could be implemented with several new modules such as helipads, private lounges, swimming pools or self powered bungalows. A fascinating solution to float away from the main vessel searching for privacy but also a new resort concept with the mothership acting as the main hotel.

ROSSINAVI

POSEIDON 44M

An explorer-style luxury boat thought to be safe, comfortable and above all, perfect for long range cruises. It expresses the typical "Team For Design" style and one of its strongest point is the outstanding drop-down aft deck that includes a beach area dominated by a magnificent panoramic glass-sided pool. The best way to welcome guests onboard. With an overall length of 43,85m this elegant yacht can accommodate 8 guests and 7 crew members. According to the style, the exterior lines are architecturally inspired with aesthetic details that echo automobile design. The light-filled interiors enjoy a really high comfort level.

TANKOA YACHTS

S701

Thanks to a total length of 70 meters this yacht is the real "place to be" for people who desire large environments onboard but also the freedom to customize all the details of the boat. The Sea Lounge offers a beach club with bar and saloon but also two dedicated areas for sauna and hammam with exclusive sea view and private balconies. A Panorama Dining protected by a windscreen is suitable for every kind of season and on a Sky Lounge a touch-and-go helipad can be converted into an outdoor dance floor close to a pool for relaxing and to a big sized gym and massage area. On the upper deck, a 360° Sun Terrace.

Superyachts are dream mansions. Open spaces designed to fit Owners' desires.
