

The S501

Tankoa Yachts announces latest 50m project

Full project details and 3D movie will be officially released at the 2014 Monaco Yacht Show. Genoa based boutique shipyard Tankoa Yachts is proud to announce the latest addition to their lineup: the 50 meter/164' Paszkowski designed motor yacht, code named S501.

Following the construction contract for S693, their 69.4 meter yacht due for delivery in July, 2015, Tankoa benefited in the tremendous interest of the brokerage community as well as directly from Yacht-Ology's clients who came to Genoa to visit what is considered a new "case history" in the Italian yachting industry.

The increasing attention given to Tankoa Yachts allowed Yacht-Ology to spot the substantial demand for a 50 meter/499 GT yacht with modern design, the latest trends in amenities and top-notch engineering. So far, four clients have shown a solid interest for this new model that will be available with two different hull designs.

In its full displacement version, the S501 will be capable of a 16 or 18 knot top speed, depending on the chosen power package, while in its semi-displacement variant, she will be capable of 27 knots. Both versions will be entirely built in aluminum light alloy 5083. †

Ocean Sapphire moored at Forte Village Resort

Floating Life Charter & Brokerage in collaboration with Forte Village and Art Events Mazzoleni is pleased to announce that from August 3rd to August 7th the M/Y Ocean Sapphire, the futuristic 41 meter yacht designed by Foster & Partners, was moored at the Forte Village Resort for an exclusive top client charter.

Forte Village - voted the best vacation hotel in the world for 16 consecutive years - overlooks the crystalline waters of the Sardinian southern coast. Lucky guests enjoyed delicious dinners surrounded by beauty and elegance, with the eighth running of the special art exhibition Summer Art 2014 in the Forte Village by Art Events Mazzoleni. 20 original works of Andy Warhol were featured among the 160 on exhibit by 24 Italian artists chosen by art director Mario Mazzoleni. †

BRINGING THE CLOUD TO THE WATER... FAST!

Make the very best of 3G/4G connectivity around the world with the new Dual SIM Hubba X4 Duo marine broadband system. Optimised for the latest 3G and 4G LTE networks, experience faster speeds than previously possible.

Up to 100Mbps
Download Speeds!

hubbaX4 duo

Features:

- Dual SIM**
Connect to more available networks (swap over at the flick of a switch)
- Hi-Gain Antenna Dome**
Optimised for hi-speed throughput and long range operation
- Hi-Speed MIMO Processor**
Multi-channel connectivity for higher speeds on 3G and 4G networks
- High Output WiFi**
72 type n-i-6 with remote antenna
- Marine Grade**
IP67 waterproof enclosure
- Multiple Power Options**
12v, 24v or 240v compatible
