Monaco Yacht Show 2015

A new layout for the 25th anniversary

Access to the main entrance will be possible from the Darse Sud by using a golf cart service, while once inside the premises at the water's edge the customary shuttle boats carrying up to 50 passengers at a time will ferry visitors between Quai Antoine 1er, Quai des États-Unis, Quai de l'Hirondelle and the new Yacht Club de Monaco. Six hundred parking slots will be accessible to those arriving by car near the new entrance between Parking des Pêcheurs and Parking de la Digue. MYS's crew will of course be there to inform visiting parties in their usual professional and affable way, while access ways to the new areas will be displayed on specially made informative panels. As in previous editions MYS hospitality foresees VIP access to the upper deck lounge drawn up by Sabrina Monte-Carlo with Italian designer Paola Lenti, and Baccarat and German Wiener Siber Manufactur. Up here between a break at the restaurant served by the Private Dining Café from Monte Carlo's Fairmont, sipping Taittinger and b2b meetings held in the private areas, there will be time enough to admire the sponsoring firm Ulysse Nardin with its high end watch collection. MYS will be hosting guest crews attending the event at the Captains & Crew Lounge with free beverage and cooked dishes. For further information: www.monacoyachtshow.mc - info@monacoyachtshow.mc
