Michael Verdon

The nearly 230-foot Tankoa **Suerte**, launched from the company's shipyard in Genoa, Italy, features a contemporary interior designed by Italy-based Francesco Paszkowski Design. Interior designer Margherita Casprini created a beautiful interior using natural teak and touches of black slate, oak, leather, Jerusalem Stone, and marble. Paszkowski also included multiple gathering points both inside and out, a 16-person cinema room on the main deck, and a swimming pool on the sky deck with glass holes in the bottom that serve as skylights for yet another saloon on the deck below. In contrast to the open spaces, the master suite is completely private, as is its terrace with an eight-person Jacuzzi and a massive sunbed. Tankoa's advanced soundproofing techniques and use of carbon filters to limit emissions make **Suerte** one of the quietest and greenest yachts at Monaco. **Tankoa Suerte is available for charter**, with weekly rates starting at about \$689,000.
