Two new projects revealed by Tankoa Yachts

The new Italian shipyard Tankoa Yachts are promoting the S531 and S532 megayacht models.

Offering the same 53 m LOA and hull platform, the vessels differ in gross tonnage and amenities.

The S531 hosts three VIPs and a traditional guest cabin aft. The yacht will accommodate up to 12 guests. Francesco Paszkowski is the man behind the design of the project, who styled the S531 with an astonishing exterior and functional layout inside. 160 sqm of flybridge's living space can be customized to any of the client's preferred amenities.

The S532 will have increased space dedicated to interior living areas, leading to a gross tonnage of over 780GT. As for the accommodation, the same layout is available, but Paszkowski created larger aft entertainment areas in the main and upper saloons, with a dining room surrounded by full height windows.

Hot tubs, bars, sun pads, sun awnings are available for both the Tankoa S531 and S532. So, too, are tender garages and beach
