Launches and refits in focus

## FEADSHIP AQUARIUS

Launched in a private ceremony in September, the 92-metre Aquarius has been created by Feadship for a very experienced owner. "We dedicated two years of intense design work on

Aquarius. She represents a perfect marriage of interior and exterior, and seamless integration with the sea. I am convinced that Aquarius will become a future benchmark for global superyacht excellence," the owner says. Exterior and interior styling is by Sinot. [www.feadship.nl](http://www.feadship.nl)

## MANGUSTA GRANSPORT 54

The Overmarine Group has announced the sale of the first Mangusta Gransport 54, which is in build at its Pisa shipyard and will be ready to launch in 2018. The 54-metre, designed by Alberto Mancini, is the first in the new Fast Displacement

line – packed with four 1,938kW (2,600hp) MTU 16V 2000 M94s, she'll deliver a top speed over 30 knots. But the yacht has also been configured for comfortable voyaging, with a range of nearly 4,000 miles at cruising speed. The low draught of 2.5 metres is designed for island-hopping and Bahamas cruising. [www.overmarine.it](http://www.overmarine.it)

## MONDOMARINE SARASTAR

The 60-metre all-aluminium Sarastar, which launched in September, is the largest yacht from Mondomarine to date. The semi-displacement yacht features styling by Luca Dini inside and

out, and her sporty lines and hull deliver a top speed of 19.5 knots. There's an owner's suite on the main deck, with five guest cabins on the lower. Skylights in the decks create a play of light from the sundeck to the beach club. Tenders live forward under a space that can be used as a helipad. [mondomarine.mc](http://mondomarine.mc)

## CUSTOM LINE NAVETTA 37

Launching before debuting at the Cannes and Monaco shows, this is the first Navetta 37 from Custom Line. Studio Zuccon International Project and the in-house team at the Ferretti Group collaborated on the design. The maxi

yacht is clearly hitting a sweet spot: three are already sold. "This launch makes us feel very proud because it is the flagship of the semi-displacement series, and the biggest ever built by Custom Line in its 20th year," says Stefano de Vivo, chief commercial officer of the Ferretti Group. • **THE FOURTH FLYINGPORT 108** from CCN - Cerri Cantieri Navali launched in the summer before her debut at the Cannes show in September. The 31.1-metre boasts a master cabin and three guest cabins on the lower deck, with a top speed of 32 knots. [www.cerri-cantierinavali.it](http://www.cerri-cantierinavali.it)

• **CONSTRUCTION OF TANKOA'S** 50-metre Francesco Paszkowski-designed S501 is continuing on schedule, with a launch pegged for April 2017. Faring of the hull and the superstructure has been completed. Margherita Casprini is styling the interior. [www.tankoa.it](http://www.tankoa.it)

• **THE CANTIERE ROSSINI REFT** yard has been opened, with seven stern-to-berths for yachts up to 55 metres already available. Among the first yachts to arrive were the 55-metre Benetti Lady Michelle and the 40-metre Benetti Al-Bouchra. [www.cantiererossini.com](http://www.cantiererossini.com)

• **THE FIRST WESTPORT 125 Black Gold** launched in August. The 38-metre is a raised pilothouse design, with room for ten guests and six crew. Twin MTUs should deliver a top speed of 25 knots and a comfortable cruise around 20. [www.westportyachts.com](http://www.westportyachts.com)
